HAMPTON ROADS ESTATE PLANNING COUNCIL SCHOLARSHIP OF MEMBERSHIP

Estate planning is the process of anticipating and arranging for the protection, orderly administration, and disposition of a client's wealth in accordance with their wishes, upon the occurrence of major events such as birth, marriage, divorce, incapacity, and death. Significant attention is paid to minimizing taxes and administration expenses. Estate planning requires the knowledge of state property, probate, and trust laws; and federal and state income, gift, inheritance, estate, and generation-skipping transfer tax laws.

The purpose of the Hampton Roads Estate Planning Council ("HREPC") is to promote the multi-disciplinary approach to estate planning by supporting its Members; encouraging cooperation among Members to create a thorough and comprehensive estate plan for their clients and a better understanding of the role each Member plays in the process; and to provide education and learning opportunities for its Members and to increase public awareness of the importance of estate planning by a team of professional advisers.

The HREPC members include professionals in the following fields: accounting, law, financial planning, trust administration, planned giving, and insurance, as well as allied professionals. The HREPC meets five times per year (typically the third Tuesday of the month, every other month – excluding July – from 5:15 to 7:30 p.m.) for dinner and a one hour continuing education presentation.
